Yellow Tactical Vest with Reflectors and Velcro

WEST-122225

CHF 115

This lightweight and functional yellow tactical vest with 3 metres of all-round reflective strips guarantees the wearer will be easy to recognise even in poor visibility or darkness. Made from "polyester mesh 425 GSM" breathable mesh material as well as polyester Oxford fabric.

The vest is available in various sizes and can be closed at the front with a zip. The wearer can also adjust the sides of the vest using a Velcro fastener. On the rear side, the vest is equipped with a large piece of Velcro to allow various reflective inscriptions to be easily removed or reattached. The fluffy Velcro at the back measures 30 cm x 10 cm. The vest is equipped with 2x large double zipped pockets at the front as well as a patch pocket with Velcro fastener.

An additional Velcro compartment for a radio or mobile phone is located at chest height on the front.

On the right, above the Velcro compartment, there is an ID window for identification documents.
